## Sales & Fulfillment Campus

You are looking for a job but your lack of experience has always been a problem? We believe in new talents and want to give you a chance!

If you are...

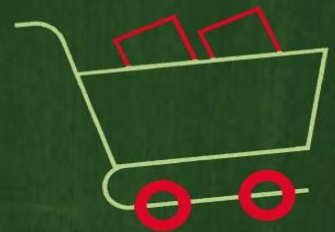

a fast learner, willing to start work as business data analyst in the Master Data or Customer Service area, willing to develop within an international company, fluent in English and other European language

...and you have...

positive and problem solving attitude, eye for details, good excel and analytical skills, ability to work with a lot of data, and very good communication skills

...apply for Infosys S&F Campus!

We will help you gain detailed knowledge and make you an expert in the Sales & Fulfillment processes! After the training you will be given a unique opportunity to start a job connected with one of our high-end processes and develop your career in a multinational company!

If you are interested, don't hesitate to send your resume with a note 'S&F Campus Recruitment' to:
